## ABOUT THE STATE

Ten inches of snow fell in East Richmond Tuesday night and continued the next day.

An automobile from Hoosick, N. Y., occupied by a man and woman, went over a bank in Shaftsbury Sunday evening. No one was injured, but the auto burned up. It was insured.

Rev. W. S. Wallace has resigned as pastor of the Presbyterian church at Ryegate. The doctors have decided that it will be best for Mr. Wallace to discontinue his pastoral duties for a year.

John Henry, who was literally scalded to death by falling into a vat of boiling water Monday at the East Haven Veneer company plant, died a few hours after the accident. He was 22 years old and unmarried.

The 13-month-old daughter of Mr. and Mrs. Burton Reynolds of Wells has been dangerously ill with blood poisoning, but is now thought to be out of danger. While creeping with a nail hanging out of her mouth, she fell on her face, driving the head of the nail into the soft palate.

William Mitchell, a former member of the Tenth cavalry, who was arrested a few days ago for burglarizing the house of Frank Terrier in Williston, and stealing a watch and other jewelry and a small sum of money, in Burlington city court in the sum of \$300 bail, which was not furnished. Mitchell appeared indifferent to his fate.

**HIGH PRICED PEACHES.**

The Ones They Had in London, Perhaps, but Not in New York.

They walked into the breakfast room at one of the big New York hotels the other day—flicking, precise and querulous. They had just returned from a tour of Europe and gave that continent the big talk at every chance.

"Have you no South African peaches?" they asked plaintively. "We have been stopping at the Savoy in London, and there were plenty of South African peaches."

The hotel manager was found. He hastened to the complaining ones. Certainly the hotel had South African peaches. They were imported especially for the hotel guests; came from the same peach orchard that the Savoy's peaches did. The faces of the travelers persons did not light up with joy and appreciation, as one would think.

"How much are they?" they asked with a singular timidity.

"Three dollars each," said the hotel manager. "The travelers persons promptly protested. 'But we only paid—how—\$2.50 for them at the Savoy,' said they. The hotel manager expressed his regret at the overcharge. He said they might have them at the same price that they paid at the Savoy in London, and how many would they like to have?"

"Haw, Alfred," said one of the plaintive travelers persons to the other plaintive traveler person, "let us have—how—one of those dear old fashioned breakfasts of ham and eggs."

"Right, old dear," said Alfred.

The hotel manager went away grinning softly to himself. He had never had any peaches from South Africa. Cincinnati Times-Star.

Had the people living in the immediate vicinity of the stonemason in Rutland known that ordinary 40 per cent dynamite is not dangerous to handle they would have saved a great deal of worry on Tuesday afternoon when it was discovered that Kenneth, the four-year-old son of Wallace Waite, was amusing himself by playing with some sticks of the explosive taken from a chest which city employees had left at the crusher when it was closed down for the season. Neighbors communicated the information to the Waite household that the little boy had been seen taking something from a box of explosives and there was considerable excitement before it was discovered that he had taken four sticks of dynamite and hidden it away for future use without coming to any harm. Some one—probably an older child—had broken a lock on the box.

**MOVE PLANT TO VERGENNES.**

Troy Scale Company Expected to Employ at Least 50 Men.

Vergennes, Nov. 18.—Senator H. B. Borden of Wallingford and W. R. Hare of Albany, N. Y., have purchased of the Rev. P. A. Champagne of Shelburne the property formerly known as the Vergennes Manufacturing company's plant. It consists of a saw and shingle mill and is fully equipped with machinery to do all kinds of work in wood. The power for the plant is furnished by one steam and one gasoline engine.

Work will be begun at the plant next week to manufacture frames for scales and trucks, boxes for shipping purposes for the Troy Scale company of Troy, N. Y. As soon as arrangements can be made, the property will be turned over to the Troy Scale company, which will eventually move its scale works from Troy to this city. This will necessitate the putting of other buildings on the property for which there is ample room, as there is a frontage of 80 or 90 feet and a depth of 200.

It is expected that when the plant is fully started at least fifty men will be employed and that this force will be increased as demand may require. Senator Borden is still at work on plans to utilize the water power owned by this city at the falls on which he was voted an option some time ago, and confidently expects to induce other manufacturing plants to move here.

**KICKED BY HORSE.**

Mrs. Fred Girard May Survive Injuries at First Regarded as Fatal.

Burlington, Nov. 18.—Some hope is now entertained of the recovery of Mrs. Fred Girard of 107 Walnut street, who was seriously injured Tuesday morning by a kick from a horse. She still suffers, however, from internal hemorrhages.

Mrs. Girard was harnessing a horse for Frank X. Girard, who drives a delivery wagon. The animal is known as one of bad temper, and while Mrs. Girard was putting on the bridle, the horse kicked her in the abdomen, knocking her down.

Mrs. Peter Dorcy hurried to the aid of the injured woman, and assisted in carrying her into the house. Dr. J. B. Wheeler and J. E. LaRoque were called and attended to her injuries, which were found to be of a critical nature.

At first no hope of her recovery was held out, but Dr. J. A. Lacourse, after a brief examination, followed by a reception to the distinguished guest. On the reception committee were Arthur G. Mansur of Burlington, potentate of Cairo temple, Gov. John A. Mead, Dr. J. E. Thompson, S. T. Bralley and T. P. Bragg of Rutland, Dr. L. C. Noble of Middlebury, F. W. Agan of Ludlow and C. F. Rockwood of Burlington. About 150 couples danced at the potentate's ball. There were visitors from the Springfield, Mass., Westtown, N. Y., and Troy, N. Y., temples.

Thirteen candidates were initiated. Many prominent Shriners were here from both sides of the state to meet the highest officer in the organization in the land.

Last night a banquet was served at the Masonic temple to 300 Shriners and their ladies. Potentate Treat spoke briefly. The dinner was followed by a reception to the distinguished guest. On the reception committee were Arthur G. Mansur of Burlington, potentate of Cairo temple, Gov. John A. Mead, Dr. J. E. Thompson, S. T. Bralley and T. P. Bragg of Rutland, Dr. L. C.
